

Canberra Tracks

Canberra isn't all new and planned. The region has a long and diverse heritage prior to its development as Canberra, our national capital. It is layered with Aboriginal, pastoral, bushranger and convict history. Canberra Tracks are three self-drive heritage trails, each with a strong theme that will enhance your appreciation of the nation's capital. Interpretive signs on each route bring Canberra's heritage to life. Come and see how far we've travelled.
